

2025-2026 Season Hope Scholarship Instructions

Participants wishing to use Hope Scholarship funds for their EPSC Swim Team participation must already be independently approved and funded by the West Virginia Hope Scholarship.

After coach approval and practice group assignment, you will receive a season registration link. When registering on epscswim.com, select "Hope Scholar Fee Holder" as the payment option.

You will then navigate to your Hope Scholarship EMA Portal and search for EPSC. There you will select the First Installment of the team dues for your appropriate practice group. The annual fee is broken into three installments, with the first due Sept. 1, 2025, and the second due February 1, 2026, and the final installment due June 1, 2026. You may pay them all at once in the beginning or wait until the due dates. There are no pro-rated options for joining or leaving in the middle of an installment period. Participants will be responsible for the entire installment during which they participated. *Hope Funds cannot be used for USA Swimming Registration or meet fees.*
